

Security Committee

Purpose:

The purpose of the Security Committee is to arrange for security services during the summer season.

Responsibilities:

The Security Committee is responsible for the initiation and administration of the contract to provide security services. The Chairperson is required to contact the security company to provide details of the duties required as well as hours of service needed. The security contract must be negotiated prior to the start of the summer season. The Chairperson must keep the BOD informed as to the status of the contract and performance of the security personnel hired. The Chairperson must be able to address security questions and concerns of owners and visitors and provide newsletter articles and website information on security related issues.
